

“ We’ve tried other courier companies but we always come back to Fastway. Considering we can send out up to 30 parcels each week all over Australia, we’re delighted that we’ve had only one minor problem in the ten months we’ve been using Fastway.

We have a great relationship with our courier – he’s dependable and really obliging – always helping out the staff with heavy boxes we need to send out. Much of the Impressionable Kids product is created in Cairns and sent out to our franchisees around Australia so the online Track and Trace procedure is often used by the receivers to check how the delivery is progressing – especially on the long journeys.”

- **Jacque Ismalun, Impressionable Kids**
